LIGHT-SIX
Five-passenger, 40 H.P., 112 inch wheel-base. Cord tires standard equipment.

\$1045
f. o. b. factory

Your satisfaction with a car depends upon your satisfaction with its performance, appearance, economy, comfort and price. These are the vital points. And you must get satisfaction in each one if you are to be satisfied with your car as a whole. Consider the LIGHT-SIX from this angle. It is essentially the same car as it was when introduced. It was right before it was offered. And it has made good in the service of thousands and thousands of owners. It is dependable. Its L-head motor is powerful, flexible and freer from vibration than any car at anywhere near its price. Its graceful lines are enhanced by a lasting finish. Cowl parking lights and the cowl ventilator not only add to its good looks but are necessary for complete satisfaction. The LIGHT-SIX stands up in service with a minimum of repair expense. This, with low fuel consumption, means satisfactory economy. We never heard of a LIGHT-SIX that was not comfortable to ride in. And the price, \$1045 f. o. b. factory, is out of proportion to its value. This price includes the thief-proof transmission lock which reduces the rate of theft insurance to owner 15 to 20 per cent; large plate glass window in one-piece rear curtain, inside and outside door handles and other refinements. And you get the priceless ingredient - prestige and high standing of the maker - who for seventy years has been building quality vehicles and selling them at fair prices.

Touring, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1375; Sedan, \$1750. All prices f. o. b. factory.
